

Commercial, Industrial & HAZ LOC LED Lighting

- In stock LED commercial/industrial retrofit solutions
- In stock LED fixtures with a 6 year warranty
- UL/ETL/DLC/FCC/CE/RoHS certified
- Lighting layouts
- Color/power selectable options
- IECEX / ATEX/NEC / UL / ABS Certified
- UL844 Class 1 Division 1 & 2
- NO FREIGHT, NO MIN, NO RESTOCKING FEES

- Havells Lighting manufactures unique and innovative LED products designed for ease of installation, longer life and better performance.

Lighting

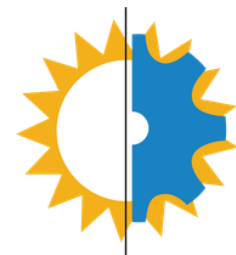

- Professional grade electrical tapes
- Wide range of products for multiple general and specific applications
- Premium vinyl tapes – UL, CSA certified, all weather
- High and low voltage rubber self-bonding tapes
- Specific solutions for mining and cable jacket repair
- Manufacturers since 1896
- Technical team available for support

* AZ, NV, and UT only

Electrical Tapes

CALTEC Sales
Connecting Manufacturers to Customers with Faith & Integrity

Contact Info

Southern California Sales

James Westerfield - james@caltecsales.com - 661-513-8105

Territory Manager - Arizona, California, Nevada & Utah

Jack Clark - jack@caltecsales.com - 310-753-4125

SOUTHERN CALIFORNIA LINE CARD

Proudly serving Arizona, California, Nevada, and Utah

Automation and Control Components

- AC Contactors & Overload Relays from 6 – 2100A
- Molded Case Circuit Breakers up to 1200A
- Variable Frequency Drives up to 800HP at 460V
- Din Rail Mounted MCB Breakers up to 4 pole 63A
- Air Circuit Breakers, Vacuum Circuit Breakers
- Stock in Southern California & Chicago!

Surge Protection

Surge Protection Devices (SPDs) UL solutions for Lightning and Surge Transients. AC Power, DC Power, Dataline Ethernet/POE, Digital/Analog Communication, Telecom/RF, and GDT.

* AZ, Southern CA, Southern NV only

Low and Medium Voltage Transformers

- Transforming the Power Industry with:
- Dry Type Transformers
- Specialty Need Expertise
- Intricate Design Mastery
- One-Off Manufacturing Capability
- Highest Quality Craftsmanship
- Standards Compliance Adherence
- Peerless Engineering Knowledge

Explosion Proof Enclosures

- UL for Class I/II Div 1/2, Nema 4x, 7, 9
- Marine grade copper free Aluminum & 316 L Stainless Steel
- ATEX, IECEX, EAC, Inmetro, Ex e/Ex d Zone 1, 2, IP66
- Drilling options available, gland plates can be fitted to any or all four sides
- Windows available in round or square for EJB or round for GUB Series

GINDRE COPPER

- MAXIFLEX: the best of both cable and busbar
- Near Zero Bending Radius
- Distribute up to 2000 Amps with a single flat cable
- UL 758 Appliance Wiring & UL 67 Panelboards
- Supports up to 1000 volts at temps up to 105 C
- Engineered to design to your company needs

Cable and Busbar

- Braking Resistors
- Braking Resistor Replacements
- Case Resistors
- Edgewound Resistors
- Grid and Ribbon Resistors
- Harmonic Filters
- High Resistance Grounding System
- Neutral Grounding Resistors
- Oil and Gas Braking
- Smoothwound Resistors
- Wirewound Resistors

Braking, Case, & Ground Resistors

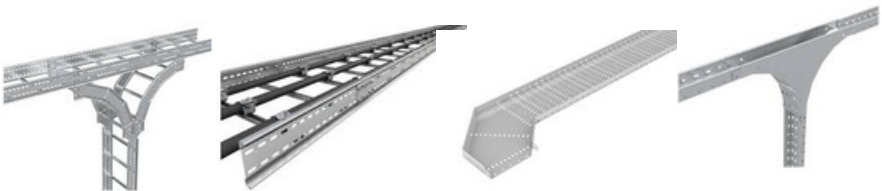

- Modular Buildings
- Light weight prefab, precision-formed, modular panels designed for accurate, rapid field assembly
- Extruded Polystyrene or Expanded Polystyrene 4" insulated core
- Cam-action locking devices for single tool installation
- Industrial, Construction and Communications Applications
- Wide variety of sizes and configuration options
- Electrical and HVAC options

Modular Buildings

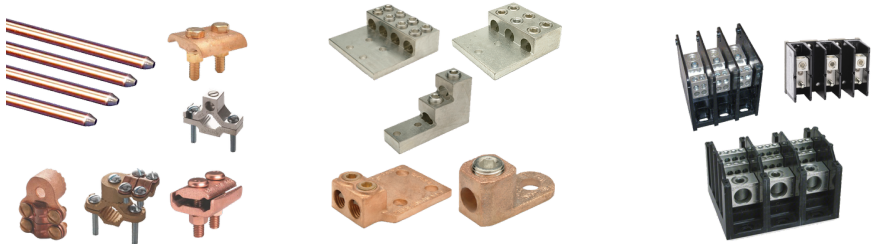

- Cable ladders
- Cable trays
- Steel framing & supports
- Fittings & accessories
- Specialist components

Engineered Cable Management Systems

- Power Distribution blocks
- Mechanical & compression lugs
- Solar cable & infrastructure
- MC4 connectors
- clean energy grounding solutions
- industrial UL Grounding solutions
- all products UL listed

Mechanical & Compression Lugs / Solar

- UL, CSA, ATEX, and IECEx Approved
- Nema 7 Explosion – Proof Cast enclosures and control stations
- J- Boxes, Instrument and Meter housings & Push Button Stations
- Conduit fittings and pilot devices
- Explosion proof circuit breakers and disconnects
- Explosion Proof Panelboards

CA Only

Explosion Proof Equipment

- Intrinsically Safe Isolators & Multiplexers
- Non-Intrinsically Safe Isolators
- Power Supplies – SIL 2 & 3
- Safety Relays
- Surge Arrestors
- Termination Boards

Functional Safety Devices

- Largest Line of Stainless Steel Cable Ties in Industry
- Highest Tensile Strengths in Industry (The Strongest Around)
- ABS TYPE Approved (SS Ties, Banding, & Buckles)
- UL Listed (SS Ties, Nylon Ties)
- Made in the USA (SS Ties, Banding, ID Tags)
- 24 Hour Turn Around Time for Embossed Tags

Stainless, Coated, Nylon Ties & Banding

- Class I Division 2 and ATEX certified.
- Slim Line, Ice Cube and Relay Interface Modules.
- cULus listed devices.
- Complies with EN 60079-0 and 60079-15 standards.
- Suitable for chemical, petrochemical, pharmaceutical, LPG, LNG, power plant, spray booth or underground applications.
- C102, ATEX, IECEx, DC Breakers

Gas and Flame Detection

* CA only

- More than 75 years of experience with AC & DC UPS systems to 500kVA
- specifically designed for industrial installations
- Largest industrial HMI on the market, with Master Battery Control System
- Most extensive experience with Sodium Metal Chloride (SMC) batteries
- Offer a full range of services to optimize infrastructure performance and reduce process complexity

UPS systems
